CONTRACT

WHEREAS, The Town of Jackson has determined that heavy trucks operating on the roads in their judgment are likely to cause injury to said town roads; and

WHEREAS, the undersigned operator is desirous of operating heavy trucks on town roads within the Town of Jackson;

NOW, THEREFORE, in consideration of the mutual covenants herein, and specifically according to Sections 86.02 (allows the town the right to collect the actual cost of repairing the roads) and section 349.16(1) (c) (load restrictions) of the Wisconsin Statutes, the parties agree as follows:

That all operators of heavy trucks shall have permission to use the roads within the Town of Jackson provided they will reimburse the Town of Jackson for the cost of all repairs for any damage done to the Town roads by the operation of their trucks within two weeks of demand by the Town of Jackson. Failure of the operators to pay the damages as required by this contract within two weeks shall result in the operator being barred from hauling loads on all Town of Jackson roads.

Haulers should contact Town of Jackson Highway Supervisor (715-866-7909) to schedule a mutual inspection of haul roads prior to repetitive hauling operations, to verify any existing faults with the roadway.

It is not the intention of the Town of Jackson to make it difficult for private enterprise. However, it is our responsibility to safeguard and preserve the roads in their present condition and encourages you to help us in that endeavor.
